'ROUND AND ABOUT THE SCHOOL

In this last number of Volume Two of your Andean, it is with sadness that we remember Dr. Ketchum's decision to retire from St. Andrew's as of June 30th of this year. His twenty-five years at the School will have included the school-days of a considerable number of you who will have felt his influence. Present Andreans, Old Andreans, Colleagues, Board of Governors, Headmasters' Association and other groups have paid him well-deserved tribute for his twenty-three years of high-minded and devoted Headmaster by honouring him in various ways. But inseparable from Dr. Ketchum when thinking of the School is Mrs. Ketchum who, over the years, has contributed so much to St. Andrew's in so many different ways. Through her charming personality was exerted considerable influence for good, helping to create and maintain a gracious and happy atmosphere. She too has been honoured — by the Life Members of the Ladies' Guild, the Ladies' Guild Executive, the Ladies' Guild, Masters' Wives and others. This is to let you know, particularly those of you who are in far parts of the world, that Dr. and Mrs. Ketchum's service to St. Andrew's has been, and will be further recognized by all associated with the School.

The 59th **Prize Day** has come and gone. Present Andreans have scattered to most parts of the earth (this side of the "Curtains.") The Class of '58 has finished its struggle with the Department of Education. The **Staff**, after straightening away the aftermath of one School Year and preparing for another, has begun that slow process of regeneration. The Summer Term has been a good one. Fine weather has allowed maximum activity on the Playing Fields — contributing much to the over-all vigour of the School. Consistently dry weather resulted in hard cricket pitches but the cricket season has been a fair one, Dick Gibb coaching the Firsts and Mike Adamson ('44) the Seconds (Under Sixteens). A large beginners' group of Under Sixteens produced several players of promise. **Mac House** cricketers continued to swarm enthusiastically over the north side of the Field — Mr. Ives' First Team maintaining its traditional high standard. Among the successes in **Track** was the Central Ontario Championship in the Half-mile. Work on an up-to-the-minute track is to begin soon — the cost being underwritten by the father of an old boy — a much appreciated gesture. The **Gym Team** placed well in open competition at Windsor. **Mac House Night** was the usual whirl of excited activity, Mr. Ives' revival of "Tom Sawyer" starting it off with an excellent performance before a packed house. The **Cadet Corps** showed the traditional high standard of efficiency at the Church Parade in Toronto and at Inspection. The Drumhead Service on the Quadrangle at the School on the Sunday morning after Inspection was an impressive and fitting finale to the year's Cadet work. A large number of Ladies' Guild members who had attended their meeting at the School, graced the campus on Games Day — AND the weather was fine!

At an inspiring Sunday Evening Chapel Service, a plaque in memory of Dr. George Bruce, first Headmaster of St. Andrew's, was dedicated — and two prayer desks also dedicated. The family of **J. R. C. Burns ('57)** killed in an air crash last September, has established a memorial in the Library — a section of books devoted to the drama. **Mr. Morrison** of the Lower School Staff is leaving to return to the Public School system where he will be a P.T. specialist. Otherwise there will be no changes in Staff. **Bob Laidlaw** is hale and hearty and "**Tuddy**" is looking better than he has for some time. **Mrs. Ince**, somehow or another, is seeing that Flavelle and Memorial Houses are kept in good shape. **Miss Gordon** is still to be found in the Upper School Infirmary and **Mrs. Grant** in Mac House. The grounds 'round and about the School are at their loveliest — but the place is haunted by the myraid Andreans who have come, lived out their school-days, and gone. — Will ye no come back again?

THE OLD BOYS' FOUNDATION

The trustees of the Old Boys' Foundation have decided to increase the number of annual awards from ten to twelve, beginning with the next school year.

To date, donations received are in advance of those received at this time (May 30th) last year, both in amount and number of donations. We must not however be complacent. More money will be needed this year and we are still a very long way from our objective. If you haven't made your contribution for 1958, please send a donation — large or small — to the Secretary of the Old Boys' Association at St. Andrew's College, Aurora, Ontario. Make your cheque payable to the St. Andrew's College Old Boys' Foundation. A receipt for income tax purposes will be forwarded to you immediately on receipt of your donation.

At the last meeting of the Old Boys' Council it was unanimously decided that the Old Boys of St. Andrew's College should make a donation to the Upper Canada College Building Fund. A cheque for a modest amount has been forwarded as a token of our interest in this worthy project of a sister School.

THE DINNER

The annual meeting and dinner of the Old Boys' Association will be held on the evening of **Friday, November 7th, 1958** at the **Royal York Hotel, Toronto**. Further details will be given in the next issue of the Andrean. In the meantime, reserve that date, **November 7th**.

THE DR. KETCHUM PRESENTATION

Early in May the Old Boys were advised of the decision of the Old Boys' Council and the Board of Governors to have a portrait of Dr. Ketchum painted and to present the portrait and a gift of a more personal nature to our retiring headmaster on Prize Day — June 11th.

You will be pleased to know that the Old Boys have responded generously. The portrait has been completed by Alan C. Collier, A.R.C.A.; O.S.A., and Dr. and Mrs. Ketchum have expressed themselves as being pleased with it. At the time of writing (May 30th) contributions have been received from 175 Andreans and donations are arriving daily. A committee has been appointed to select a suitable gift from the Old Boys but we are unable at the present time to report more fully on this matter.

It is the intention of the Old Boys' Executive to keep the special presentation fund open for several months, so if you wish to join in doing honour to Dr. and Mrs. Ketchum, it is not too late to make your donation. Send your cheque to the Secretary of the Old Boys' Association at St. Andrew's College, Aurora, and please indicate that it is for the Presentation Fund.
